DETAILED ACTION

EXAMINER'S AMENDMENT

1. The Applicant's representative was contacted for permission to label Figs 12A and 12B as Prior Art.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Samuel Borodach on November 17, 2004.

The application has been amended as follows:

Figs 12A and 12B have been labeled with markings "Prior Art".

Allowable Subject Matter

3. Claims 1 – 5 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claims 1 – 5 recite, inter alia, a method of manufacturing a semiconductor device in which the terminal portions for the device are formed by etching a first conductive foil, laminating a second conductive foil to the first conductive foil through a resin layer and etching a conductive pattern on the second conductive foil, connecting the terminals and the conductive patterns, fixing a semiconductor chip to the two laminated foils and connecting the semiconductor element to the conductive pattern. Art Unit: 2829

teach methods for manufacturing a semiconductor device by attaching a semiconductor die on a resin or adhesive sheet, they fail to teach the steps of forming the terminal portions for the device by etching a first conductive foil, laminating a second conductive foil to the first conductive foil through a resin layer and etching a conductive pattern on the second conductive foil, connecting the terminals and the conductive patterns to which the semiconductor element is electrically connected. Additionally, the art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

Conclusion

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Asok K. Sarkar whose telephone number is 571 272 1970. The examiner can normally be reached on Monday - Friday (8 AM- 5 PM).
